Art Unit: 1712

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Michael Byrne on 4/12/07.

Cancel claims 27-29,39-41 and 43.

The following is an examiner's statement of reasons for allowance: The D) of DE19956539 has large amounts of ethylene and therefore does not "consist of" (meth)acrylates or have 80-99.9% methacrylate.

The claim cancellations are necessary because of the following: Claim 27 is identical to claim 25. Nonelected claims 28 and 29 do not have the limitations of the allowed claims. Claims 39-41 do not have the limitations on component D) that distinguish from the previously applied rejection. Claim 43 would not avoid the previous rejection because functionality other than glycidylacrylate is suggested by the cited art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to David Buttner whose telephone number is 571-272-1084. The examiner can normally be reached on weekdays from 10 to 5pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Randy Gulakowski, can be reached on 571-272-1302. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
